

SECTION 1: Identification

1.1. Identification

Product form : Article
Product name : OASIS[®] Maxlife Enhanced Bio Floral Foam

1.2. Recommended use and restrictions on use

Recommended use : For floral arrangements

1.3. Supplier

Smithers-Oasis Australia Pty., Ltd.
P.O. Box 183
Quambatook
Victoria 3540
Australia

1.4. For information regarding this product: info@smithersoasis.com

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

GHS-AU classification

Not classified- NICNAS Regulatory Status - Smithers-Oasis considers this product an article. NICNAS defines an article in the Industrial Chemicals (Notification and Assessment) Act 1989 (ICNA Act) as an object that:

1. is manufactured for use for a particular purpose, being a purpose that requires that the object have a particular shape, surface or design 2. is formed to that shape, surface or design during manufacture 3. undergoes no change of chemical composition when used for that purpose except as an intrinsic aspect of that use 4. does not include a particle or a fluid.

2.2. GHS Label elements, including precautionary statements

GHS AU labeling

No labeling applicable.

SECTION 3: Composition/Information on ingredients

3.1. Substances

Not applicable.

3.2. Mixtures

Name	Product identifier	%
Contains no hazardous ingredients at levels requiring disclosure by Industrial Chemicals (Notification and Assessment) Act 1989 (ICNA Act).		

SECTION 4: First-aid measures

4.1. Description of first aid measures

First-aid measures general : Handle in accordance with good hygiene and safety procedures.
First-aid measures after eye contact : Rinse with water, remove contact lenses.
First-aid measures after ingestion : Rinse mouth, get medical attention if you feel unwell.

SECTION 5: Fire-fighting measures

5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Water or fire extinguisher.

5.2. Specific hazards

None known.

5.3. Special protective equipment and precautions for fire-fighters

Precautionary fire fighting measures : None.
Firefighting instructions : Use standard firefighting techniques.

OASIS® Maxlife Enhanced Bio Floral Foam

Safety Data Sheet

Prepared according to Australian Work Health and Safety Regulation 2011

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures : No special personal protective equipment required.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling : Handle in accordance with good hygiene and safety procedures.

7.2. Conditions for safe storage.

Storage conditions : No special requirements.

SECTION 8: Exposure control/personal protection

8.1. Exposure control

No additional ventilation required.

8.2. Individual protection measures/Personal protective equipment

Hand protection:

May be used but not required.

Eye protection:

May be used but not required.

Skin protection:

May be used but not required.

Respiratory protection:

May be used but not required.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Solid formed to a specific shape.
Color : Green.
Odor : Slight to odorless.
Odor threshold : Not applicable
pH : Not applicable.
Melting point : No data available.
Freezing point : No data available.
Boiling point : No data available.
Flash point : No data available.
Relative evaporation rate (butyl acetate=1) : Not applicable.
Flammability (solid, gas) : No data available.
Vapor pressure : Not applicable.
Relative vapor density at 20 °C : Not applicable.
Relative density : No data available.
Solubility : No data available.
Log Pow : Not applicable.
Auto-ignition temperature : No data available.
Decomposition temperature : No data available.
Viscosity, kinematic : Not applicable.
Viscosity, dynamic : Not applicable.
Explosion limits : Not applicable.
Explosive properties : Not applicable.
Oxidizing properties : Not applicable.

OASIS® Maxlife Enhanced Bio Floral Foam

Safety Data Sheet

Prepared according to Australian Work Health and Safety Regulation 2011

SECTION 10: Stability and reactivity

10.1 Stable under normal conditions.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity (oral)	: Not classified.
Acute toxicity (dermal)	: Not classified.
Acute toxicity (inhalation)	: Not classified.
Skin corrosion/irritation	: Not classified.
Serious eye damage/irritation	: Not classified.
Respiratory or skin sensitization	: Not classified.
Germ cell mutagenicity	: Not classified.
Carcinogenicity	: Not classified.
Reproductive toxicity	: Not classified.
Specific target organ toxicity – single exposure	: Not classified.
Specific target organ toxicity – repeated exposure	: Not classified.
Aspiration hazard	: Not classified.

SECTION 12: Ecological information

12.1 Ecological information

Not regulated as a marine pollutant.

This product has been shown by ASTM D5511 to biodegrade 89.4% in 620 days in biologically active landfill conditions. Appropriate facilities may not exist in your area. The rate and extent shown do not mean that the product will continue to decompose.

SECTION 13: Disposal considerations

13.1. Disposal methods

Dispose in accordance with local regulations.

SECTION 14: Transport information

Department of Transportation (ADG): Not regulated for transport.

Transport by sea (IMDG): Not regulated for transport.

Air transport (IATA): Not regulated for transport.

SECTION 15: Regulatory information

15.1. Australian regulations

Product is exempt from the Australian Inventory of Chemical Substances (AICS).

15.2. International regulations

Montreal Protocol (Ozone Depleting Substances) – Not Listed.

Stockholm Convention (Persistent Organic Pollutants) – Not Listed.

Rotterdam Convention (Prior Informed Consent) – Not Listed.

Basel Convention (Hazardous Waste) – Not Listed.

SECTION 16: Other information

None.

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
